...Don Tapscott
Learning is not solely about the technology, but without the technology our students will not fulfill their potential in the 21st century.
You see things; and you say “WHY?”
But I dream things that never were;
and I say “WHY NOT?”

George Bernard Shaw
You see things; and you say “WHY?” But I dream things that never were; and I say “WHY NOT?”

Student Cell Phone Use

As a provocation to the health and safety of the school, we remind all our students of our cell phone policy. We ask that you turn off (not set on silent or vibrate) and out of sight between class times is 8:00 a.m. to 3:20 p.m. A phone that is heard or seen will be impounded by a student’s dean for retrieval at the end of the school day. The consequences: 1-day out of school suspension if the offense occurs in a class or 4-hour Saturday detention if it occurs in a non-academic area (e.g., restroom, locker room, study hall, resource, cafeteria, hallway, etc.). There is a phone available for student use in the Deans’ Office. Thank you for your support in our attempts to prevent distractions to the educational environment.
Reading Review-Mrs. Matty’s First Hour Reading Seminar

1. Take the Post-Survey Today

2. Use the cell phone to review vocabulary words by using Mobile Prep

3. Call Audio Review to listen to the vocabulary words and hear a reading from the book. This will change every two days.

Look for changes on this Web site.
Remove words you know well from list

Using media that are more familiar to today’s students moves you into a 21st century sensibility that requires a new way to think and teach.
Today's Learners

Demand immediacy, voice opinions, utilize informal learning and possess hypertext minds.

...Brown, 2006
Congratulations!

Continue...

to enjoy the kids

to say “WHY NOT?”...
