A timeline shows the order in which events happen. At the bottom of the page, there are 3 pictures of schools. Look at each picture and decide which school came first (is the oldest), next, and last (is the newest). You can scroll down to see larger versions of the pictures. Then, cut out the pictures at the bottom and glue them into the correct place on the timeline. On the back, write your reason for putting each picture in the position that you chose. What in the picture made you decide that it was the oldest or newest? Put your completed timeline in your "Blast From the Past" Folder.
