Economic Event Research

When completing your research, answer the following questions. Remember to site all resources for the information you include in your presentation.

1. What is the event?

2. Where and when did it occur?

3. Who was involved?

4. What happened?

5. What led up to the event/what was the cause of the event?

6. Group’s interpretation or opinion of the event or any connection to the event.
