Writing a business letter is only one way to obtain a Visitor's guide. A request for a Visitor's guide can also be made online.

(1) Choose a site that allows you to request a Visitor's guide online. Be sure you do not choosing the same location who you wrote will be receiving your business letter.

(2.) Fill out the online request form. See me for information on what email address to use. Use the school address and phone number.

(3.) DO NOT submit your online request until I approve that it can be sent!
