Module B
Vacation Itinerary and Budget
Extension Activity

In Module B, you completed a budget worksheet showing your vacation expenses.

(1.) Use the information from the budget worksheet to create a bar graph of your expenditures.

(2.) Information your graph must include is:
   • title
   • both the x axis and y axis must be properly labeled
   • the value increments must be sensible

(3.) Your graph must be colored and neat.

(4.) Keep your completed graph in your project portfolio.
