Module F
Write a postcard

Project Description
You are well on your way to being an expert tourist of Springfield. As your final activity, you need to send me, your teacher, a postcard. This isn't just any ordinary postcard!

Assignment
(1.) Visit the "American Memory" page at the Library of Congress. Find a historical picture that has a connection to Springfield.

(2.) Copy that picture as a jpeg and move it into a Microsoft Word document.

(3.) Review the copyright information for your picture. Type a title on the document page.

(4.) Print the picture page.

(5.) On the back of the picture, divide the page in the same fashion as a real postcard.

(6.) Address the postcard to me and send it to our school's address.

(7.) Write message telling me what you have done while on your trip. Be creative and include any special things you've learned.

(8.) Don't forget to draw a stamp!

(9.) Include your completed postcard in your project portfolio.
